

| Sr. No. | Title and Author of the Research Paper                                                                                                                                                                                           | Page No. |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| 1       | <b><i>Impatiens morsei</i> (Balsaminaceae): A newly recorded from Vietnam</b><br>Hoang Thanh Son, Trinh Ngoc Bon, Nguyen Quang Hung, Pham Van Vinh and Cao Van Lang                                                              | 01-03    |
| 2       | <b>Hydrocarbon degradation potential of indigenous fungal isolates from Indian oil refinery, Haldia, (W. B.) India</b><br>Shreyasri Dutta and Padma Singh                                                                        | 04-11    |
| 3       | <b>Population Fluctuation of Aquatic Birds in Thattekkad Bird Sanctuary (Kerala) India</b><br>Ambily C B, Rajathy S, and Mohandas A                                                                                              | 12-16    |
| 4       | <b>Diversity of diatoms from Sulwade barrage of Dhule district (M.S.) India</b><br>Sandhya Patil                                                                                                                                 | 17-21    |
| 5       | <b>Effect of AM fungus and Rhizobium inoculation to improve plant growth and biomass yield, N and P uptake in <i>Acacia nilotica</i> L. (Wild)</b><br>Chaitra B. Negalur, H.C Lakshman and Suresh B. Gadi                        | 22-27    |
| 6       | <b>Inventorying Plant Diversity in the Homegardens of Kuzhicothu Village, Kanyakumari District, Tamilnadu, India</b><br>P. Subitha, S. Sukumaran and S. Jeeva                                                                    | 28-43    |
| 7       | <b>Effect of AM fungus (<i>Rhizophagus fasciculatus</i>) on three leguminous plants to improve chlorophyll and nutrients uptake</b><br>Chaitra B. Negalur, Suresh B. Gadi and H.C Lakshman                                       | 44-49    |
| 8       | <b>Painted Stork (<i>Mycteria leucocephala</i>): Population status, shift in food and behavioral ecology from isolated ponds of Godavari River basin in Nanded district, India</b><br>Chavan Shivaji Prabhakar and Dilip Dudhmal | 50-57    |
| 9       | <b>Effect of AM fungus (<i>Rhizophagus fasciculatus</i>) in soilless cultivation of <i>Basella rubra</i> L.</b><br>Chaitra B. Negalur, Suresh B. Gadi and H.C Lakshman                                                           | 58-62    |
| 10      | <b>Pharmacognostic evaluation of <i>Oxalis corniculata</i> L (Oxalidaceae)</b><br>Dharasurkar Anita N and Sutar Sangeeta S                                                                                                       | 63-67    |
| 11      | <b>Interaction between amf (<i>Glomus geosporum</i>) Rhizobium, Azospirillum and their effect on three leguminous plant to improve growth and N, P, K, uptake</b><br>Chaitra B Negalur and H C Lakshman                          | 68-74    |
| 12      | <b>Study of Some Myxomycetes Recorded from Ajanta region of Marathwada (Maharashtra) - II.</b><br>Kharat G. T.                                                                                                                   | 75-79    |
| 13      | <b>Effect of four different am fungi and <i>Streptomyces</i> inoculation on plant growth, biomass yield and chlorophyll content of <i>Sorghum vulgare</i> pers.</b><br>Chaitra B. Negalur, H.C. Lakshman and M.N. Srinivasa      | 80-85    |

|    |                                                                                                       |       |
|----|-------------------------------------------------------------------------------------------------------|-------|
| 14 | <b>Studies on seed mycoflora of some Pulses in Marathwada region India</b><br>Badne V G and Bodke S S | 86-88 |
|----|-------------------------------------------------------------------------------------------------------|-------|
